

This is in regard to LPFM. I understand that the FCC is considering a new service that would possibly allow LPFM stations to take priority over stations like KLOVE. This is very disturbing considering KLOVE is such a service to communities across the U.S. While other stations are pumping things like profanity, sex, drugs and alcohol into teens and adults, KLOVE is "FAMILY FRIENDLY". That is extremely hard to find in today's society. I would hate to think that my family would not be able to listen to KLOVE anymore. KLOVE is the Christian community's way of getting the word out in the form of announcements and music. I truly don't think you have thought about the impact this station makes in communities all across America. I would hope to think you would want to give the public what they want and not what YOU THINK they would want. Hundreds of thousands of people are affected EVERY DAY by KLOVE in a positive way. I personally feel (along with thousands of other Americans) that this is what should take priority. Sincerely , Wanda Jenkins
